RE: Schulte v. United States et al, Nos 21 CV 4042, 4800,  
5061, 5168, 5173, 5213, 5313, 5554, 5722, 5851, 5871, 6504 (JMF)

Dear Judge Furman:

I write in response to the defendants' January 5, 2022 letter. The defendants write that "[t]he United States ~~all~~ anticipates that it will file a motion to dismiss the complaints on the grounds that Plaintiff... lacks a private analogue under New York law." Dkt. 15 at 1. Accordingly, I will need access to New York State law including the state's Constitution, statutes, and access to New York Caselaw so I can effectively mount a defense (to be provided by the Court or the government). Alternatively, the Court could appoint counsel to represent me in these civil cases.

Respectfully submitted,

Joshua Alan Schulte
